

EBMT Centre Identification Code (CIC): _____
Hospital Unique Patient Number (UPN): _____
Patient Number in EBMT Registry: _____

Treatment Type HCT CT IST Other
Treatment Date ____/____/____ (YYYY/MM/DD)

OTHER INDICATION DIAGNOSIS

DISEASE

Date of diagnosis: ____/____/____ (YYYY/MM/DD)

Classification:

- Neurological disorder
- Cardiovascular disorder
- Musculoskeletal disorder
- Other haematological disorders
- Infections

EBMT Centre Identification Code (CIC): _____
 Hospital Unique Patient Number (UPN): _____
 Patient Number in EBMT Registry: _____

Treatment Type HCT CT IST Other
 Treatment Date ____/____/____ (YYYY/MM/DD)

Neurological Disorders

DISEASE

Classification:

- Duchenne muscular dystrophy
- Acute cerebral vascular ischemia
- Amyotrophic lateral sclerosis (ALS)
- Parkinson's disease
- Spinal cord injury
- Cerebral palsy
- Congenital hydrocephalus
- Other; specify: _____

Cardiovascular Disorders

DISEASE

Classification:

- Acute myocardial infarction (AMI)
- Chronic coronary artery disease (ischemic, cardiomyopathy)
- Heart failure (non-ischemic etiology)
- Other cardiovascular disease
- Limb ischemia
- Thromboangitis obliterans
- Other peripheral vascular disease
- Other; specify: _____

Musculoskeletal Disorders

DISEASE

Classification:

- Avascular necrosis of femoral head
- Osteoarthritis
- Osteogenesis imperfecta
- Traumatic joint injury
- Other; specify: _____

EBMT Centre Identification Code (CIC): _____

Hospital Unique Patient Number (UPN): _____

Patient Number in EBMT Registry: _____

Treatment Type HCT CT IST Other

Treatment Date ____/____/____ (YYYY/MM/DD)

Haematological disorders

DISEASE

Classification:

- Histiocytic sarcoma (malignant histiocytosis)
- Langerhans cell histiocytosis (histiocytosis-X)
- Histiocytic disorders, not otherwise specified
- Other histiocytic disorder; specify: _____

Infections

DISEASE

Classification (by pathogen involved):

- Adenovirus
- BK virus
- Cytomegalovirus (CMV)
- Epstein-Barr virus
- Human herpes virus
- Human immunodeficiency virus (HIV)
- Other virus; specify: _____
- Candida
- Aspergillus
- Other fungus; specify: _____
- Other infection; specify: _____

Intervention type:

- Treatment
- Prevention/Prophylaxis
