

7TH INTERNATIONAL RELAPSE

After Transplant and Cellular Therapy (HSCT²)

CONFERENCE

20
25

Friday, 14 November 2025

08:00 - 08:15	Welcome & Introduction Chairs: <i>Corey Cutler (US) & Anna Sureda (ES)</i>	
08:15 - 09:00	Keynote Lecture I: Relapse landscape and mechanism early and late Chairs: <i>Corey Cutler (US) & Anna Sureda (ES)</i> Probing leukaemia-host co-evolution in relationship to response and resistance to allo-HSCT	Catherine J. Wu (US)
09:00 - 10:15	Session I: Relapse after Allo Chairs: <i>Victoria Potter (UK) & Luca Vago (IT)</i> T-cell immunology predicting relapse post-allogeneic stem cell transplant Immunological prevention of relapse Personalised / Precision approaches to target immune escape after allogeneic stem cell transplant <i>Case Presentation</i> Panel discussion	Mahasweta Goptu (US) Pramila Krishnamurthy (UK) Luca Vago (IT)
09:00 - 09:15		
09:15 - 09:30		
09:30 - 09:45		
09:45 - 09:50		
09:50 - 10:15		
10:15 - 10:45	Coffee Break	
10:45 - 12:00	Session II: Mechanisms of Relapse after auto-HCT in MM and Lymphoma Chair: <i>Anna Sureda (ES)</i> MM. Mechanisms of relapse after immunotherapy <i>To be announced</i> <i>Case Presentation</i> Panel discussion	Leo Rasche (DE)
10:45 - 11:00		
11:00 - 11:15		
11:15 - 11:25		
11:25 - 12:00		
12:00 - 12:45	Lunch Break	
12:45 - 13:30	Industry Lunch Symposium / Product Theatre	
13:30 - 14:45	Session III: Relapse after CAR Chair: <i>Nirali N. Shah (US)</i> Biology of antigen escape Biology of antigen escape <i>Case presentation:</i> Treatment of antigen escape, including lineage switch Panel discussion Advances in combinatorial antigen targeting strategies Advances in combinatorial antigen targeting strategies <i>Case Presentation</i> Panel discussion	Kara Davis (US) Sara Ghorashian (UK) Christian Seitz (DE)
13:30 - 13:45		
13:45 - 13:50		
13:50 - 14:10		
14:10 - 14:25		
14:25 - 14:30		
14:30 - 14:45		
14:45 - 15:30	Keynote Lecture II: T-C Redirection as treatment / prevention of relapse Chair: <i>Saar Gill (US)</i> <i>To be announced</i>	Marion Subklewe (DE)
15:30 - 16:00	Coffee Break	

ASTCT + EBMT

ASTCT
American Society for
Transplantation and Cellular Therapy

EBMT

7TH INTERNATIONAL

RELAPSE

After Transplant and Cellular Therapy (HSCT²)

CONFERENCE

14-15 November 2025

Madrid, Spain

20
25

16:00 - 17:15

Session IV: Microbiome, tumour immunology and relapse

Chair: *Mette Hazenberg (NL)*

16:00 - 16:15

Long-distance microbial mechanisms impacting cancer immunosurveillance

16:15 - 16:30

Intestinal microbiota, cellular therapy and relapse: mechanisms and implications

16:30 - 16:45

Approaches to protect the microbiome from damage and its association with relapse

Hendrik Poeck (DE)

16:45 - 16:55

Case Presentation

16:55 - 17:15

Panel discussion

17:15 - 18:45

Welcome Reception

7TH INTERNATIONAL RELAPSE

After Transplant and Cellular Therapy (HSCT²)

CONFERENCE

20
25

Saturday, 15 November 2025

08:00 - 08:45	Keynote Lecture III: Relapse after CAR T Chair: Nicolaus Kröger (DE) Relapse after CAR T	Saar Gill (US)
08:45 - 10:00	Session V: MRD/new technologies for monitoring MRD (CTDNA) Chair: Chris Hourigan (US)	
08:45 - 09:00	Peripheral Residual Disease Monitoring using Mass Spectrometry and Next-Gen Methods in Transplant-Eligible Patients with Multiple Myeloma	Bruno Paiva (ES)
09:00 - 09:15	Computational and immune-integrative approaches to optimise MRD detection after allogeneic transplant	Sylvie Freeman (UK)
09:15 - 09:30	Pre and Post transplant NGS-MRD in patients allografted for acute leukaemia	Lori Muffly (US)
09:30 - 09:40	<i>Case Presentation</i>	
09:40 - 10:00	Panel discussion	
10:00 - 10:30	Coffee Break	
10:30 - 11:45	Session VI (part I): Preventing Relapse in Patients Allografted for AML Chairs: Charles Craddock (UK) & Sergio Giralto (US)	
10:30 - 10:45	Current / Future Trials of the BMT CTN Group Aimed at Preventing Relapse	Yi-Bin Chen (CN)
10:45 - 11:00	Current / Future Trials of the UK IMPACT Group Aimed at Preventing Relapse	Victoria Potter (UK)
11:00 - 11:15	Current / Future Trials of the German Transplant Group	
11:15 - 11:45	Aimed at Preventing Relapse Panel discussion	Thomas Schroeder (DE)
11:45 - 12:00	Break	
12:00 - 13:00	Session VI (part II): Preventing Relapse after CAR-T cell Therapy Chairs: Charles Craddock (UK) & Victoria Potter (UK)	
12:00 - 12:10	Optimising pre-infusion strategies	Michael Jain (US)
12:10 - 12:20	How to modify the cellular inoculum to increase persistence	Claire Roddie (UK)
12:20 - 12:30	Post-infusion interventions	Rebecca Gardner (US)
12:30 - 13:00	Discussion	
13:00 - 13:30	Lunch Break	
13:30 - 14:15	Industry Lunch Symposium / Product Theatre	
14:15 - 15:15	Best Abstracts Session Chairs: Michael Bishop (US) & Alan Wayne (US)	
14:15 - 14:25	<i>Case Presentation</i>	
14:25 - 14:35	<i>Case Presentation</i>	
14:35 - 14:45	<i>Case Presentation</i>	
14:45 - 14:55	<i>Case Presentation</i>	
14:55 - 15:15	Q&A

7TH INTERNATIONAL

RELAPSE

After Transplant and Cellular Therapy (HSCT²)

CONFERENCE

14-15 November 2025

Madrid, Spain

20
25

15:15 - 16:30

Session VII: Maintenance post Cell Therapy

Chair: Saar Gill (US)

15:15 - 15:30

Post-transplant TCR engineered T cells to maintain remission and prevent relapse

15:30 - 15:45

DLI for prevention of relapse post alloSCT

15:45 - 16:00

Post-transplant maintenance with FLT3 inhibitors; all the news that's fit / not fit to print

16:00 - 16:30

Panel discussion

Marie Bleakley (US)

Christoph Schmid (DE)

Mark Levis (US)

16:30 - 17:00

Concluding Remarks

Alan Wayne (US), Nicolaus Kröger (DE) & Michael Bishop (US)
